

NEW PRODUCT ANNOUNCEMENT

ECONOMAX

t a b l e s

DESIGN

The EconoMAX series of imaging tables are a cantilevered (diving board) style design with out the bellows. The "H" style base allows maximum C-Arm clearance along the entire cantilevered length.

The EconoMAX series includes two models:

EconoMAX 2 moves (up/down, lateral tilt)

EconoMAX 3 moves (up/down, lateral tilt and trendelenburg).

BENEFITS

The EconoMax tables come with standard 500 pound load rating, 2" patient pad, 22" wide top, locking swivel castors, narrow base for easy patient transfer, simultaneous motion movements, extremely low boarding height, twist-lock detachable power cord.

BEST CHOICE

EconoMAX has the highest patient weight load rating at the best price! The EconoMax series is the best value on the market with many other user friendly options are available. EconoMAX Tables exceed most procedural and/or budgetary concerns.

NEW Mobile Economy Imaging Tables.

Surgical Tables Inc, is pleased to announce a new more affordable C-Arm Table line!

TECHNICAL SPECIFICATIONS

ECONOMAX 2	
EconoMAX Series 2 Move Table	
Supply Voltage: 120 VAC – 5% +	
Max Current: 3.5A	
Frequency: 60 Hz	
1. Height28” to 40”	
2. Lateral Tilt.(+/-) 17°	

ECONOMAX 3	
EconoMAX Series 3 Move Table	
Supply Voltage: 120 VAC – 5% +	
Max Current: 3.5A	
Frequency: 60 Hz	
1. Height29” to 41”	
2. Lateral Tilt.(+/-) 17°	
3. Trendelenburg. . . .(+/-) 20°	

AVAILABLE OPTIONS

- Carbon Fiber Surgical Armboards with Pads
Note: Requires modular side rail system
Modular Side Rail System (set of 2)
- Carbon Fiber Procedure Armboards with Pads
- Foot Control (only up to 4 moves)
- APC Battery Back-up System
- Wireless Remote Control
- Upgrade to 24” top

COMPLIANCE

Surgical Tables Incorporated (STI) manufactures medical devices that are compliant with the Center for Devices and Radiological Health (CDRH) Code of Federal Regulation 21 Subchapter J Part 1020 Section 30 (CFR21 Subchapter J part 1020.30), the performance standard for ionizing radiation emitting products. Additionally, STI’s products are manufactured according to the Food & Drug Administrations (FDA) Current Good Manufacturing Practices (CGMP’s).

FDA PRODUCT CLASSIFICATION

- Device Description: Radiological Table
- Product Code: KXJ
- Regulation Number: 892.1980
- Device Class: 2
- GMP Exempt: No
- 510(k) Exempt: Yes
